Question 18. By Mr. Belur Srinivasa Iyengar:---

(a) Will the Government be pleased to place a copy of Government Order No.9907-37-Ml.168-29-7 dated 16th June 1931 on the table of this House?

Yes. A copy is laid on the table of the House.

(b) Does not this specify the margin to be left when constructing houses in the Municipal areas?

Yes.

(c) Have these instructions given in the above order been followed by the President, Municipal Council, Kankanhalli, if not, what are the instances and circumstances under which he has not followed the instructions?

~~Yes.~~ It is reported that the instructions have been followed by the President.

S Rangaswamy

For Deputy Commissioner,
Bangalore District.
(Absent from Station).

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read:--

Official memorandum No.5426-30/Ml.275-27-1 dated the 10th March 1928 issuing instructions to the Deputy Commissioners of Districts that no new houses within Municipal limits should be allowed to be built close to the main roads and that a margin of at least 50 feet should be left between the road and the house.

2. Letter No.5149 dated the 25th October 1929, from the Chief Engineer of Mysore, forwarding copy of letter No.172 dated the 23rd September 1929 of the Executive Engineer, Sanitary and Town Planning Division, suggesting that necessary instructions may be laid down with regard to the erection of shops and bazaars on all provincial roads.

Order No.L.9907-37/Ml.162-29-7 dated, Bangalore the 16th June 1931.

Government are of opinion that in the case of new houses, shops, and bazaars springing up within Municipal limits on newly opened roads, the margin of 50 feet laid down in the Official Memorandum read above, should be rigidly adhered to and that this margin should be measured from the extreme boundary of the land width of the road and not from the edge of the actual road surface.

2. In the case of the existing roads running through town limits, however a margin of 20 feet may be generally kept as a minimum, when licenses are granted for new buildings or for improving old ones. In special and individual cases where this margin may cause undue inconvenience to the occupants, the margin may be reduced to 10 feet in consultation and with the concurrence of the Executive Engineer of the Division.

3. The officers concerned are requested to see that these instructions are strictly followed.

Sd/-V. Subrahmanyasastry,
For General Secretary to Government.
